How to Play Sudoku

Fill the 9×9 grid so that every row, every column, and every 3×3 box contains the digits 1 through 9 exactly once. You never need to guess. Each puzzle in this pack has been checked so that it has exactly one solution.

Start with a row, column, or box that already has many clues. Look for a cell that has only one possible digit, or a digit that has only one possible place. Write lightly in pencil.

Easy puzzles can be finished with singles only. Medium puzzles may also need pairs or pointing pairs. Solutions are at the back.

Print at 100 percent, or Actual size, so the type stays large. Do not choose Fit to page.

How to Play Word Search

Every word on the list is hidden in the letter grid. Find it, then circle it and tick its box.

In this pack, words run only left to right or top to bottom. Nothing is hidden backward or on a diagonal.

The grids are 12 by 12 with a short word list, so the letters can be printed extra large.

Spaces are left out of the grid. For example, PLACE CARD is hidden as PLACECARD. Each listed word appears exactly once.

Print at 100 percent, or Actual size, so the letters stay large. Do not choose Fit to page. Solutions are at the back.

Notes for Activity Leaders

This pack is a quiet pastime for a table, a visit, or a group activity hour. It is not a test, a score, or a medical treatment, and it is not meant to diagnose or improve any condition.

Print the puzzle pages at 100 percent on plain white paper. Keep the solution pages for yourself if you would rather reveal answers later, or set them out so people can check their own work.

Offer a choice, and sit beside a person rather than across from them if that feels more comfortable. A felt-tip pen or highlighter is often easier to see than a thin pencil. Good light helps.

Five or fifteen minutes can be enough. Stop while the activity is still enjoyable. There is no need to finish every puzzle, and any amount of looking, talking, or circling is a good session.

You may print copies for a senior center, library, classroom, or care program. Please do not sell this file.
